EMPOWERING TEACHERS AND PARENTS THROUGH LITERACY WORKSHOPS!

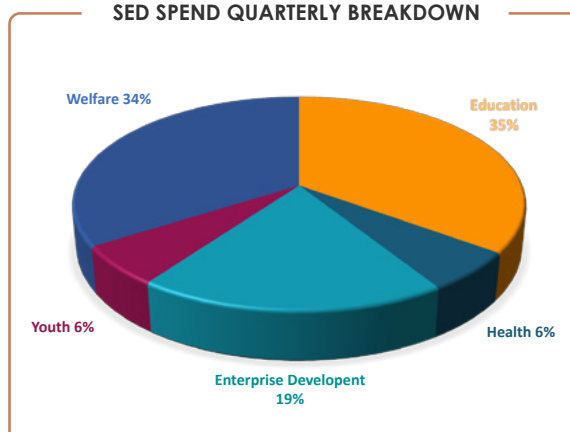

Our Literacy Programme continues to equip teachers and parents with essential skills to support learners' reading development.

Last term, two Teacher Training workshops took place at Reahola Primary School (Kanana) and Kokeitso Primary School (Kgakala), focused on effective comprehension strategies. Teachers gained new techniques to improve reading comprehension in classrooms.

Additionally, Parental Support Training workshops focused on "Understanding the Transition from Grade 3 to Grade 4", helping parents better support their children during this crucial academic stage.

These workshops reinforce the vital role that both teachers and parents play in nurturing young readers.

SCHOLARSHIP RECIPIENT EXCELS!

Congratulations to Gabodinewe Mokgabi, a Bokamoso Solar scholarship recipient who has successfully completed her B.Ed Degree (Senior and FET Phase Accounting) at North West University, graduating top of her class with Cum Laude.

"I am thrilled to have reached this milestone, and I am deeply grateful to Bokamoso Solar and StudyTrust for their unwavering support. The scholarship allowed me to focus on my studies, and the belief placed in me has inspired a sense of responsibility and gratitude. I am committed to using my education to make a meaningful impact in my community and contributing to the development of our country." - Gabo

Her success is a testament to the power of educational support in shaping future leaders. We wish her continued success in her teaching career!
